

XIANG ZHAO

Address: Erlangen, Germany
Email: shawn.zhao24@outlook.com
Mobile: +49 152 5847 7368
Language: Chinese: Native | English: Fluent | German: A1, currently learning

Employment

Jan 2024 - Jan 2025	Zhao Teacher Education, China
Founder	Designed a structured physics curriculum and delivered lectures on mechanics and electromagnetism. Managed daily operations, student engagement, and communication, improving learning efficiency.
2023 - 2025	Tech/Web3 Community, Online
Community Lead	Managed a technical community of 500+ members and organized workshops on emerging technologies. Maintained active engagement and translated complex technical topics into accessible discussions.

Education

Oct 2025 - Present	Friedrich-Alexander-Universität Erlangen-Nürnberg (FAU)
	M.Sc. in Medical Engineering Specialization: Medical Image and Data Processing
Sep 2020 - Jun 2024	Anhui Agricultural University
	Bachelor in Electronic Information Engineering Hefei, China

Hard Skills

Programming Skills	Python (NumPy, PyTorch, MONAI), MATLAB, Java, Git, MS Office
Medical Imaging	MRI Reconstruction, K-space Processing, Image Segmentation, DICOM/NIFTI Standards
Machine Learning	Deep Learning, U-Net, 3D Segmentation, Dice Loss, Data Augmentation, Model Evaluation
AI Development	Codex and ChatGPT for AI-assisted coding, debugging, technical documentation, and data analysis

Projects

WS 2025/2026	NeuroMetric: Brain Tumor Segmentation (Python)
	Developed an MRI segmentation pipeline using PyTorch and MONAI based on U-Net architecture. Implemented preprocessing including intensity normalization, slice extraction, and data augmentation. Applied Dice Loss to address class imbalance and evaluated segmentation quality with visual outputs.
WS 2025/2026	MRI Image Denoising using Deep Learning (Python)
	Developed a CNN-based encoder-decoder model for MRI denoising on simulated noisy datasets. Trained models with MSE loss to suppress noise while preserving structural details. Evaluated image quality improvements using PSNR and SSIM metrics.
